PRESS RELEASE

for immediate release

Billet Cams for classic cars

Leading camshaft manufacturers, Piper Cams, have been making cams for longer than most people can remember.

They are now offering a billet cam service for owners of classic cars. Piper can produce new billet camshafts using information from their **EXTENSIVE** database.

The marques listed in the database include exotica such as Bugatti, race engines such as Cooper and Coventry Climax, classic favourites such as the MGB and the BMW 2002 and many less common models such as the MGA Twin Cam.

The database covers the following marques...

Abarth, AC, Alfa Romeo, Alvis, Amilcar, Aston Martin, Austin, Austin Healey, Bristol, BMW, Bugatti, Cooper, Coventry Climax, Daimler, ERA, Ferrari, Ford, Gordini, Hillman, Jaguar, Jenson, Jowett, Lagonda, Lancia, Lotus, Marcos, Maserati, MG, Mini, Morgan, Morris, Porsche, Renault, Riley, Rover, Saab, Singer, Sunbeam, Talbot, Triumph, TVR, Volvo and Volkswagen

... but just because a particular marque isn't listed doesn't mean that Piper can't help. They can also take dimensions from an existing cam and use the data to produce a new profile.

For more details contact Piper on +44 (0)1233 500200 or visit their website www.pipercams.co.uk ends.
