Piper performance cams for small capacity engined Fords

Piper now offer fast road performance camshafts for 1.25 and 1.4 litre Ford engines as found in the Mk5/6 Fiesta and the 1.4 Focus.

The Piper BP270 fast road cams will give a 8 to 10 bhp improvement in power but still maintain a smooth idle.

The Piper BP270 fast road cams are CNC profiled using the latest cam grinding equipment for ultra accuracy therefore minimal re-shimming is required.

RRP £375.00 + vat / pair

**For more details contact Piper on +44 1233 500 200 or visit their website at
